

Price / Delivery – List

Note, that we are actual offer **Tenor** Saxophone mouthpieces:

The concept common to all our mouthpieces is the ease of blowing and covering from lower to the upper music scale including flageolets. The difference is to underline certain wishes in accordance with sonority, brilliance, smoothness or air resistance for better support.

Retail Price: Each for a RRP of 150 € (EUR) - Standards (in black, white, clear):

Allround – 7: Dedicated for prospective and advanced player; along the music scale keeping perfectly volume.

Balance – 5: Due to the higher air resistance this mouthpiece is for all level players appropriate to use the well balanced soundscape.

Smooth – 7: Makes the sound warmer, smoother and fatter, yet fresh.

Bright – 7: To support further the brilliance and volume and become transported by the power of the sound.

Wholesaler / Distributor:

For distributor and wholesaler depending on the order amount other prices are adjusted.

Customisation:

Customisation can be offered in personal lettering, colour and material spec (Dental, FDA approved coatings) and depends on order amount and will cost additional 30-60 € / pc.

Please ask for a personal offer!

To develop an own dedicated sound based on our parametric modell, please ask for conditions of fulfillment.
